01 — ABOUT THE BRAND

Secsaway Logistics

Secsaway moves freight by road, sea and air, and handles the paperwork in between. The identity is built on one idea: the handover. Every time cargo changes hands, someone takes responsibility for it. The mark draws that moment as two identical routes meeting at one precise point.

TYPOGRAPHY

Archivo

Primary typeface for headlines, body text and interfaces. A grotesque with sturdy, slightly squared forms that reads clearly on vehicles at distance and on a phone in a moving cab. The wordmark is drawn from its ExtraBold weight.

IBM Plex Mono

Secondary typeface for tracking numbers, weights, times and labels: anything a driver or clerk must read exactly.
